Five of the hotels of Burns will begin January 1st a uniform rate for board and lodging having mutually agreed upon a schedule of prices to be in force from that date. It is a raise over past prices at some of the hotels but is not unreasonable considering the price of groceries, fuel, etc. The rate should never have been as low anyway. With such prices as are scheduled the hotel men will be able to serve their boarders better and give them more comfort.

While it was raining here in the valley the first of the week snow was piling up in the mountains to a good depth. We don't need any of "Uncle Sam's" aid in building reservoirs when it acts thus, as we have water stored up in the mountains that the spring zephyrs and sunshine will bring down to us in great quantities.

At the close of the O. E. S. lodge meeting last Monday evening Mr. and Mrs. Tom Allen invited those present to their home where they indulged in a few hands of cards which was followed by a nice luncheon. Their many friends wish them many happy returns of the day.

A Check Account gives a systematic record of all business transactions in detail.

When you issue a check for every obligation, you can be positive that you cancelled the debt. Each check contains a complete record—the date, amount, to whom and from whom, and with both parties' signatures.

Just as each check is a full account of the particular transaction, so all the checks you issue are a record of your business transactions. Can you afford to be without this to systematize your business?

Pay by check—it will benefit you just as it does others.
